SURFACES

# DECKS

AND  
ALL WOOD SURFACES

# We have been staining and painting decks and wood surfaces for over 60 years.

Mariposa is the leading wood staining and painting specialist that has operated throughout the Greater Toronto Area since 1962.

Mariposa has also effectively formulated and produced our very own unique wood care methods that enable us to deliver the best results and sets apart from all other service providers. We're not simply another painting company; we know everything there is to know about wood care and we pride ourselves on a unique customer service experience.

# What makes us unique.

Mariposa has a unique wood preparation and restoration process that goes above and beyond the traditional way of staining or painting decks and wood surfaces. This process was developed and perfected over decades and has become our trademark of Mariposa's tailored system protocol for woodcare restoration and protection.

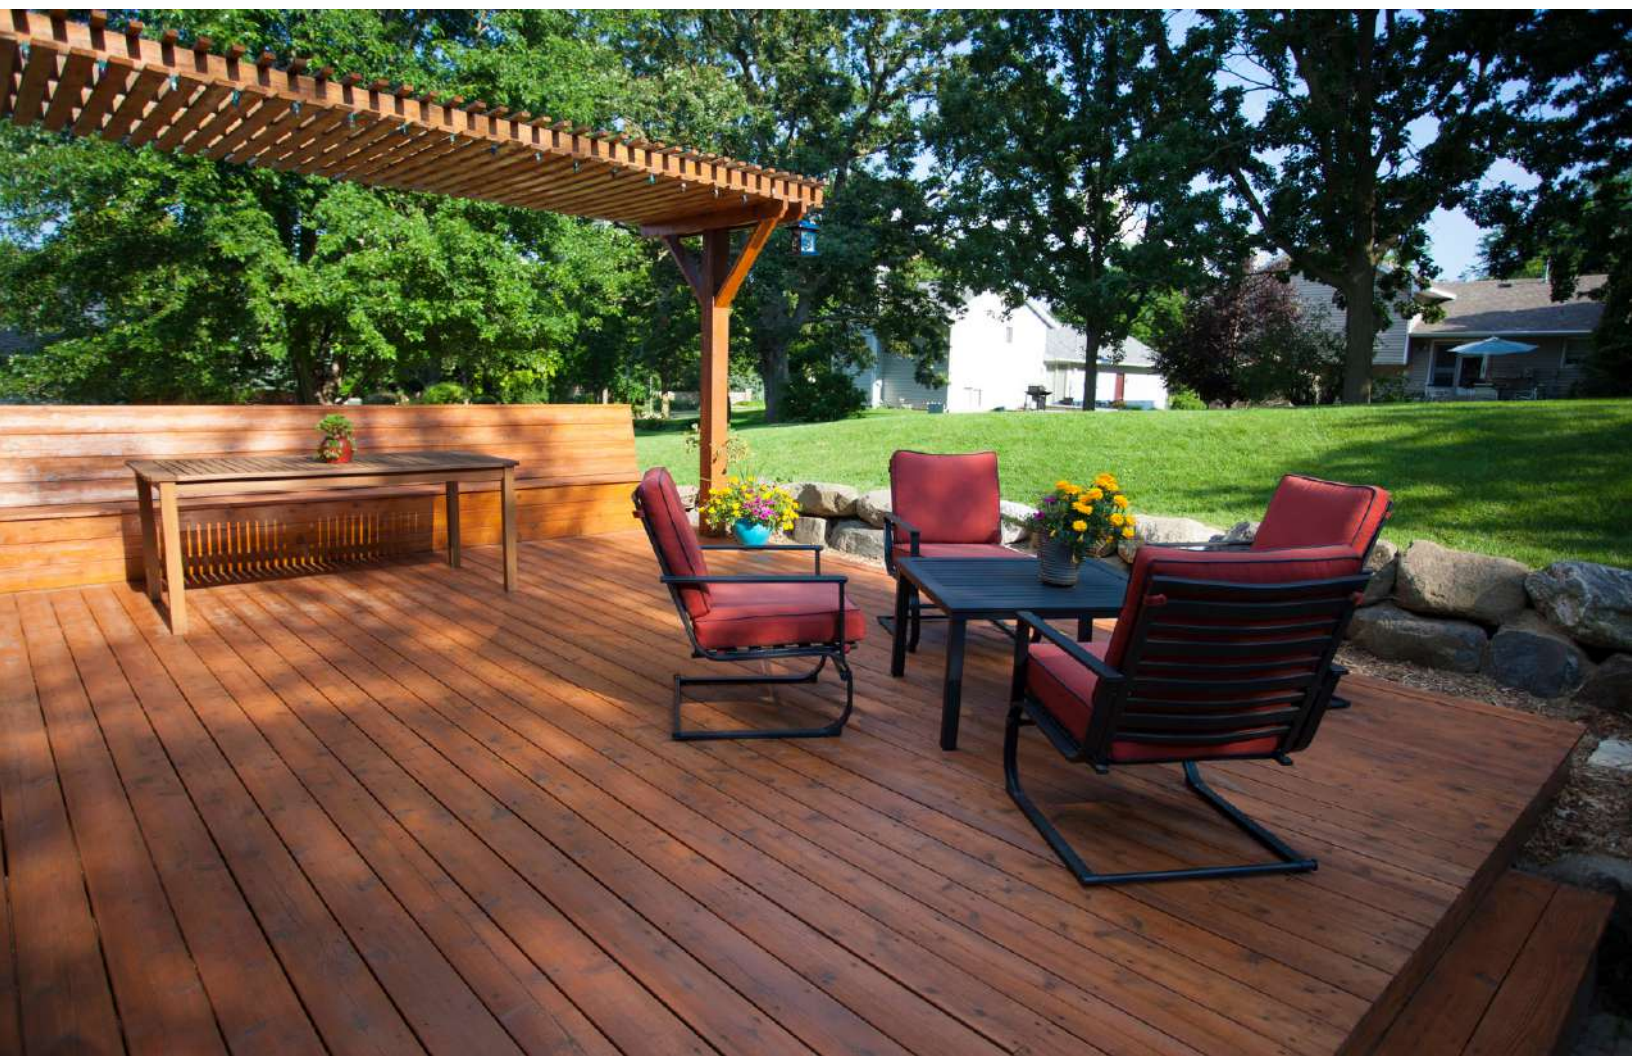

We not only deliver quality services, we also inform our customers on how to protect their wood assets the right way.
